KoAg™ BIPOLAR FORCEPS

Traditional disposable forceps with noble metal tips

KoAg™ Disposable Bipolar Forceps

FEATURES:

SILVER PLATED TIPS Silver is selected for its low contact resistance and low affinity for bonding with proteins.

ALUMINUM BODY The forceps are designed to wick away excess heat while being relatively lightweight.

VISIBILITY Designed with enhanced sight lines to the tip in every aspect from the shape to the coating.

ANTI-SCISSOR STOP Conceived to help the tips meet even under pressure.

SINGLE USE Providing consistency to every case with the attributes of a new instrument.

PIGTAIL CORD CONNECTION Eliminating the plug was decided for more comfortable and balanced ergonomics.

DESCRIPTION

DNS7-05S	7", 0.5mm Tips, box of 5
DNS7-10S	7", 1.0mm Tips, box of 5
DNS7-15S	7", 1.5mm Tips, box of 5
DNS8-05S	8", 0.5mm Tips, box of 5
DNS8-10S	8", 1.0mm Tips, box of 5
DNS8-15S	8", 1.5mm Tips, box of 5
DNS9-05S	9", 0.5mm Tips, box of 5
DNS9-10S	9", 1.0mm Tips, box of 5
DNS9-15S	9", 1.5mm Tips, box of 5

Also available in 10" & 11" Lengths

FOCUSED™ KoAg™ Disposable Bipolar Forceps

FOCUSED™ BIPOLAR FORCEPS

*Insulated lateral surfaces
designed for precise coagulation*

FEATURES:

FOCUSED™ A high-dielectric coating on the lateral surfaces of the tip is thought to “focus” the RF energy more directly between the tips for a more concise zone of coagulation. *(patents pending)*

SILVER PLATED TIPS Silver is selected for its low contact resistance and low affinity for bonding with proteins.

ALUMINUM BODY The forceps are designed to wick away excess heat while being relatively lightweight.

VISIBILITY Designed with enhanced sight lines to the tip in every aspect from the shape to the coating.

ANTI-SCISSOR STOP Conceived to help the tips meet even under pressure.

SINGLE USE Providing consistency to every case with the attributes of a new instrument.

PIGTAIL CORD CONNECTION Eliminating the plug was decided for more comfortable and balanced ergonomics.

SIZING

Finished Tip Dimensions

Overall Length

Kogent™ forceps are available in 3 lengths of 7", 8", and 9" with 3 tip diameters of 0.5mm, 1.0mm, and 1.5mm.

7" Length, 0.5mm Dia. Tip	7" Length, 1.0mm Dia. Tip	7" Length, 1.5mm Dia. Tip
8" Length, 0.5mm Dia. Tip	8" Length, 1.0mm Dia. Tip	8" Length, 1.5mm Dia. Tip
9" Length, 0.5mm Dia. Tip	9" Length, 1.0mm Dia. Tip	9" Length, 1.5mm Dia. Tip

DUAL-IRRIGATING™ BIPOLAR FORCEPS

Irrigating Bipolar Forceps designed for improved sight lines and non-stick performance.

Disposable Bipolar Forceps

FEATURES:

DUAL-IRRIGATING Our channels are embedded completely within the tines and deliver irrigation to the tips when the forceps are activated. *(patents pending)*

COOL TIPS The irrigation is designed to cool the tips to a more optimal temperature range.

STICKING & CHARRING Nuisance-some attributes may be reduced if temperatures are kept to a moderate degree.

PIGTAIL CORD CONNECTION Eliminating the plug was decided for more comfortable and balanced ergonomics.

"Improves the flow of the case by virtually eliminating the need to stop for cleaning"

-R. Dacey, MD

SPETZLER™ LIGHTED SUCTION

*Fiber-optically lighted
disposable suction cannulas*

Disposable Light Sourced Suckers

DESIGN OVERVIEW

LIGHTED Kogent Lighted Suctions with fiber-optic illumination are intended to provide supplementary light when narrow or deep approaches block the microscope's light path. Connects to a multitude of surgical light sources via 12' fiberoptic cable. *(patents pending)*

360° CHANDELIER LIGHT The light diffuser at the tip is designed to scatter light, reduce shadows, and improve visualization of microsurgical structures.

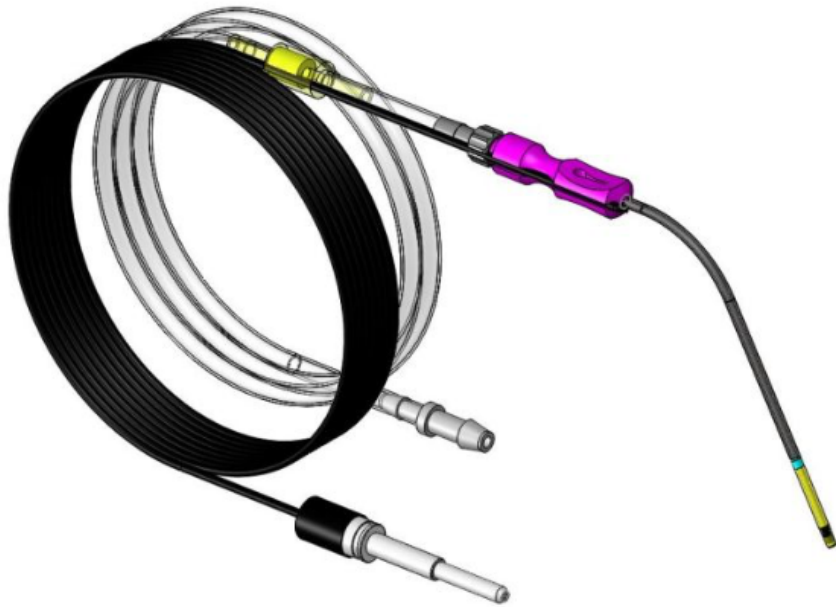

TEARDROP VALVE Precise control of aspiration force may be accomplished with a graduated valve opening.

SINGLE USE Providing consistency to every case with the attributes of a new instrument.

FLEXIBLE SUCTION TUBE CONNECTION The pigtail is flexible, and designed to allow less restricted repositioning.

SPETZLER™ LIGHTED SUCTION

*Fiber-optically lighted
disposable suction cannulas*

patents pending

Robert & Spetzler

SPETZLER™

Micro Dissection Set - Tray #1

CE
0050

FEATURES:

16 INSTRUMENTS nicely fitted with a custom titanium tray.

DESIGNED BY DR. ROBERT SPETZLER for the unique challenges of microsurgery.

SPECIALY BALANCED by pairing titanium handles with stainless steel working elements.

CRISP EDGES & PERFECTLY POLISHED ATRAUMATIC SURFACES.

COLOR CODED HANDLES keep instruments organized in their custom tray.

ITEM NUMBER	DESCRIPTION
N080-080	#1 Round Knife, 1mm, Angled
N081-080	#2 Round Knife, 2mm, Angled
N082-080	#3 Round Knife, 3mm, Angled
N083-080	#4 Spatula, Small, 1.5mm
N084-080	#5 Spatula, Medium, 2.0mm
